Correction to: Intensive Care Med

<https://doi.org/10.1007/s00134-019-05670-6>

The original version of this article unfortunately contained a mistake. There was a typo in the conflict of interest. Line 9 of the COI states: “The money was paid into a departmental fund, and nine of the authors received financial gain”. Correct is: “... none of the authors received financial gain”. The authors apologize for the mistake.
