Oxford University Press would like to apologise for a typesetting error in Table II of the above article that occurred during revision of the PDF proof. Under the Follicle density data, the Mean value for the 11–15 age group should be 278.86 and not 2783.86. The correct table is included below.

The electronic version of this article has been updated at <https://doi.org/10.1093/humrep/dez215>.
