

Open Access und Wissenschaftsfreiheit – Chance oder Gefahr?

Dr. Raffaella Kunz (Collegium
Helveticum)
kunz@collegium.ethz.ch

"An old tradition and a new technology have converged to make possible an unprecedented public good...Removing access barriers to this literature will accelerate research, enrich education, share the learning of the rich with the poor and the poor with the rich, make this literature as useful as it can be, and lay the foundation for uniting humanity in a common intellectual conversation and quest for knowledge."

The Cost of Knowledge

Wissenschaftliches Publizieren: Goldener Weg

Gefahr für die Wissenschafts- freiheit?

“We are at a critical juncture where there is a pressing need for the academic community – individually and collectively – to make thoughtful and deliberate decisions about what and whom to support – and under what terms and conditions. These decisions will determine who ultimately controls the research and education process; and whether we meaningfully address inequities created by legacy players or simply recreate them in new ways.”

SPARC*

BOAI 2022: Empfehlungen

- “Use infrastructure that minimizes the risk of future access restrictions or control by commercial organizations.”
- “Move away from article processing charges (APCs).”
- Move away from article processing charges (APCs).
