The authors would like to acknowledge the participation of 4 additional authors to this article. They contributed to the processing of the Japanese dataset used in the study. The corrected authorship, the corrected Acknowledgements and the corrected Contributors and Declaration of interests sections are presented below.

Contributors

H.M.C. and W.L. performed data analysis. W.L., D.R., A.U., A.E., A.M.V., A.Z., A.G., A.Z., A.T., B.A., B.F., C.Í., C.Á., C.F.S.N., E.I., E.L., F.M., F.A., F.S., H.O. H.K., J.K., J.M., J.S., J.J., K.K., M.H.D., M.S.R., M.H., M.P., N.R., N.S., S.O., S.T., X.S., Y.H., Y.K., Y.L.G., Y.G., and M.L.B. provided essential data resources. H.M.C. drafted the first version. H.M.C. and M.L.B. performed writing and editing the manuscript. H.M.C., W.L., A.U., A.G., A.T., B.A., E.L., F.S., S.T., and M.L.B. conducted reviewing. H.M.C. and D.R. have developed the figures. All authors have read and acknowledged the final manuscript.

Declaration of interests

K.K is a member of the ERS Environment and Health Committee, of the WHO TAG and of the UKHSA COMEAP. M.B. received consulting fees from EPA Clean Air Scientific Advisory Board, honorarium as a speaker, grant reviewer or advisor from Boston University, Korea University, Organization of Teratology Information Specialists, NIH, Health Canada, PAC-10, UKRI, AXA Research Fund Fellowship, Harvard and University of Montana, travel reimbursement from Boston University, Harvard, University of Illinois and University of Texas, is an unpaid member of National Academies Panels and Committees, The Lancet Countdown, 5th National Climate assessment and John Hopkins University, Department of Environmental Health and Engineering Advisory Board. The other authors declare no competing interests.
