

Bronze Age Round Table

The “Bronze Age Round Table” is an open discussion group for every student and PhD relating to Bronze Age and Early Iron Age subjects. At the beginning of each term Master or Bachelor students have the opportunity to present their subjects and discuss related questions. Everyone is welcome to make suggestions or present a subject. As in time of videoconferences the tea and cookie support must unfortunately come from your own kitchen.

Talks and discussion will be in German or English.

Wednesday 4 pm – 6 pm

Leibnizstr. 3

Room 123
