Correction to: Osteoporosis International https://doi.org/10.1007/s00198-023-06863-y

In this article the first reference in the Discussion section was incorrectly given as 19 but should have been 20. And all subsequent references (21 to 37) should have been one number higher.

The legend for Fig. 1 (B) and (C) were inadvertently swapped; the figure legend should have been "ibandronate (B), alendronate (C)"

The original article has been corrected.

The original article can be found online at https://doi.org/10.1007/s00198-023-06863-y.
